Three vans (para 2. a, c, f, and h), 46 reels of cable, and field test set equipment were airlifted to [REDACTED] on three flights while the antenna sets were transported via two tractor trailer loads. On 14 June there were six (6) sets of dolly/bogie wheels left at the airport for later pick-up by the C-130.

3. Contacts at the McGregor Range were:

25X9A5

a. [REDACTED] Range Commander

b. [REDACTED] S-4 Range Headquarters

25X9A5

c. [REDACTED] S-2 Range Headquarters

25X9A5

25X9A5 d. Warrant Officers [REDACTED] at Site #24

25X1A6a

[REDACTED] G-3 Fort Bliss, the original contact was on TDY and not available. The S-2 officer pouched 21 classified manuals (confidential) to DCS/LOG ([REDACTED] extension 78455) at the Pentagon which were retrieved and further pouched to [REDACTED] by the undersigned. The transfer of field support items in the M&S van, (para 2F) was completed in [REDACTED] S-4 office at a total cost of \$53,650.72.

4. Prior to the movement of System #1373 arrangements had been made with ORD Budget and Fiscal Officer, [REDACTED] 25X1A9a

25X1A9a

[REDACTED] for a budget of \$30,000.00 for resupply of parts. The fund citation for this money for DCS/LOG was 2192020-32- 25X1A 1770-P2580.1362, (appropriate subject class) S-49-092.

This amount was recommended by DCS/LOG [REDACTED]

25X1A9a

[REDACTED]. The M&S van contains a year's supply of items and at the moment [REDACTED] is trying to cover the deficit. However, if ORD cannot cover the deficit, arrangements can be made with DCS/LOG to return items from the M&S van to meet the \$30,000.00 estimated originally by DCS/LOG. It is important at this time to point out that if an item(s) were withdrawn from the M&S van it could cause the whole radar system to be inoperable for a period of time.
